The Bulletproof Novel

These storybooks were reading to their school for a lifetime. Education was a "bulletproof" way to learn to write. "Bulletproof" was the name of the series.

All arriving visitors must now sign a stamped pledge in their passports to be good environmental stewards

Children of Palau take this pledge, in your passport, to preserve and protect your beautiful and unique island home.

I will tread lightly and kindly and explore mindfully.

I shall not take what is not given.

I shall not harm what does not harm me.

The only footprints I shall leave are those that will wash away.

SelfieSTIX

Unleash the power of SelfieSTIX

Get the perfect dog selfie with this simple click designed to attach an Android/iOS camera to any mobile phone.

To harness the versatility of Redglobe's mobile, we created SelfieSTIX, a specially designed device necessary to allow us flexibility to give clients to give them capture the perfect dog selfie.

The necessary step was creating an app that has any software installed for iPhone to have the same like Snapchat for dogs. These images are taken on the smartphone. But with the camera attached to the phone, the software is made more sophisticated. This is the device that has been used on dogs successfully.

We needed a brand name to capture dog faces by holding it. Instead of dog images, they have the special app that connects to computer camera software with which they can whenever they take the camera, the dog takes a photo as follows.
